

**New Hampshire Bureau of Emergency Medical Services
SUGGESTED
Advanced Life Support Equipment**

The New Hampshire Bureau of Emergency Medical Services (NHBEMS) has developed the following generic list of suggested equipment and supplies for Advanced Life Support (ALS) Units. It is intended to be used as a guide and not as a mandatory, minimum or restrictive list. It was approved by the NH EMS Medical Control Board on September 18, 2003. This suggested equipment and supplies would be in addition to the required equipment and supplies listed within NH Administrative Rule Saf-C 5904.08. ALS equipment that an EMS Unit is required to carry is set by the Unit's Medical Resource Hospital (MRH), per Saf-C 5921.01 and is to be listed in the "Agreement" between the MRH and the EMS Unit. It is understood that the actual equipment, supplies and medications carried by an EMS Unit providing ALS will depend on the Local Option Protocols adopted by that Unit's MRH.

Equipment / Supplies	Intermediate	Paramedic
Ventilation and Airway Equipment		
Combitube® (small and large)	X	X
Laryngeal Mask Airway (LMA) (size 4, 5)	X	X
Cricothyroidotomy (surgical and needle) Equipment		X
Endotracheal Tubes (uncuffed sizes 2.5-5.0 & cuffed 5.0-9.0)	X ¹	X
Stylettes for ETT (pedi and adult)	X ¹	X
10cc Syringe	X	X
Commercial ETT Securing Device/Holder	X	X
ETT Suctioning Supplies		X
Laryngoscope Handle (with extra batteries and bulbs)	X	X
Laryngoscope Blades (straight #0-4 and curved #1-4)	X ¹	X
End Tidal CO2 Detector or other ETT Confirmation Device	X	X
Magill Forceps (pedi and adult sizes)		X
Nasogastric Tubes (5F-16F)(with 2oz. catheter tip syringe)		X
Lubricant (water soluble)	X	X
Monitoring Equipment		
Manual Defibrillator (with pedi and adult capabilities)	X ¹	X
Pacing and Cardioversion Capability		X
Defibrillator Pads (pedi and adult)	X	X
Extra Monitor Battery, Electrodes (pedi and adult), Recording Paper	X	X
Monitor with 12-Lead Capability	X	X
Pulse Oximeter	X	X
Glucometer	X	X
Intravenous Administration		
Catheters (14g –24g)	X	X
Administration Sets (macro, micro and vented for med. administration)	X	X
Blood Draw Set Up (tubes per local hospital policy)	X	X
Prep or Alcohol Pads	X	X
Bioclusive IV Dressing	X	X
Tourniquets	X	X
Tape	X	X
Arm Boards (pedi and adult)	X ¹	X

Buretrol Set		X
IV Solutions (per Local Option Protocols)	X	X
IV Solution Warmer	X	X
IO Needles (with syringe)		X
Medication Administration		
Medications (per Local Option Protocols)	X	X
Syringes and Needles (various sizes)	X	X
Nebulizer	X	X
Medication Reference Book	X	X
Miscellaneous		
Needle Decompression Equipment		X
